

## A Dead End

12 1 2

### Chapter 1 by PM

The name is Shaun. I was going on a school trip. Now you are probably thinking, *WHAT! Lucky, a school trip!* Well this was no ordinary trip this was a trip to a maze, and I was terrified. Now you are probably thinking *What? A little maze is going to scare this Shaun* Well this trip was how I ended up in hospital.

### Chapter 2 by -

When we started out, everything was fine, but as the maze went on, more and more people got hurt. We had groups, of course, with chaperones and such, but this was no ordinary maze. Every time we took a wrong turn and ended up at a dead end, there was someone or *something* waiting for us. At first it was a cute little puppy, and one of my friends ran up to it saying, "Are you okay little guy? Are you lost?", but the cute, innocent little puppy jumped up and tore my friends face off. Literally. And so we ran out of that dead end and into another one. Every dead end held something even more dangerous than before. Every dead end led to one of my friends getting very badly hurt, or worse, dying. So we went, trying to find a way out, trying not to hit a dead end, but eventually, I was the only one left in our group, and I was the only one who survived.
